## Packaging scheme for Euro-pallets with A-Trays or B-Trays

### 1 Packaging scheme for Euro-pallets with A-Trays or the same format

- The maximum stacking height is 5 layers of 8 cardboards each = 40 cardboards.
- The labels (=E) are to be placed on the front side of the bottom parts of the cardboards.
- The labels must not be placed on the cardboard-lid.
- The cardboards are to be stacked so that the labels point to the two long sides of the pallet.

### 2 Packaging scheme for Euro-pallets with B-Trays or the same format

- The maximum stacking height is 5 layers of 16 cardboards each = 80 cardboards.
- The labels (=E) are to be placed on the front side of the bottom parts of the cardboards.
- The labels must not be placed on the cardboard-lid.
- The cardboards are to be stacked according to the following illustration:
